PROFESSIONAL SUMMARY

Proactive Fullstack Web Developer with 4 years of experience crafting responsive web applications, modular UI components, and resilient RESTful APIs. Passionate about clean code, performance optimization, and intuitive user experiences.

TECHNICAL SKILLS

Key Competencies: JavaScript, TypeScript, React, Node.js, Express, HTML, CSS, Next.js, PostgreSQL, Docker, Git, Jest, TailwindCSS, REST APIs

PROFESSIONAL EXPERIENCE

Software Engineer — WebFlow Studios — 2022 – Present

- Built and maintained responsive SaaS web applications in React, TypeScript, and Node.js, increasing daily active users by 35%.
- Refactored legacy single-page application frontend, cutting initial load time by 42% and raising Lighthouse performance score to 96.
- Implemented end-to-end and unit test suites with Jest and React Testing Library, achieving 88% code coverage.

Junior Web Developer — Digital Forge Agency — 2020 – 2022

- Developed custom web portals and responsive e-commerce storefronts using JavaScript, HTML, CSS, and PostgreSQL.
- Integrated third-party payment gateways and transactional email services with Express APIs.

KEY PROJECTS

CloudTask Collaboration Platform: Built fullstack task management app with Next.js, TypeScript, PostgreSQL, and WebSockets supporting 10,000+ active users.

DevKit UI Component Library: Published lightweight React component library with accessible WCAG 2.1 compliance.

EDUCATION

B.S. in Software Engineering — University of Washington (2020)

CERTIFICATIONS & AWARDS

- Meta Certified Frontend Developer (2022)
- Node.js Application Developer Certification
